Dear Julia

On behalf of NASDAP, I would like to say thank you very much for all of the work that you have done as an Executive Member of NASDAP for the past nine years.

You have very ably represented the Auckland region and your contribution to Executive discussions was always professional and matter of fact. Your current role of School Facilitator with Team Solutions meant that you were able to keep us up-to-date with new initiatives happening in the education sector and this link will be sorely missed.

We wish you well for the future in your continued role with Team Solutions.

Please stay in touch with us.

Kind regards

Annette M Taylor [Ms]  
President NASDAP
